

January 2016 Employee of the Month

Linda Holbert-Manley, RN (Left) presents Shauna Cruttenden, CNA (Right) with the January Employee of the Month Award

Boundary Community Hospital congratulates the January Employee of the Month Shauna Cruttenden, a Certified Nursing Assistant (CNA) in the Acute Care Unit. According to Linda Holbert-Manley, RN Manager of the Acute Care Unit “We have been blessed to have Shauna as an employee for Boundary Community Hospital for over one year. Shauna has excellent CNA skills. Shauna is a very compassionate person which shows in her care. She takes that extra minute of time to give... Most recently on our first snow day she went out and got a plate full of snow for each of our long term bed bound patients and built a snow man with them, so they could touch the snow. You could see the smiles and the memories it brought back to them.”

Shauna Cruttenden graduated from the Certified Nursing Assistant program at Boundary Community Hospital and North Idaho College. She is currently studying to be a Registered Nurse.

Joy K. Marcy enjoyed making a snowman with Shauna.

For more information about the Certified Nursing Assistants Program at Boundary Community Hospital please contact Tracey Maas, RN at tracey.m@bcch.org or call (208) 267-3141 ext 4312
