

## BoCo Serves

150 children throughout Boundary County

- Naples
- Mt Hall
- Valley View
- BCMS
- Head Start

Each Food Kit costs \$7.50

Each week/child—\$270/year

## About BoCo.....

Boundary County Schools operate on a 4-day school week leaving many children in the county vulnerable to food insecurity. Food Kits provided to children through BoCo Backpacks (BoCo) are planned to offer a healthy assortment of ready to eat non-perishable food to supplement other meals available. Parents may apply for the program at their children's school—there are no qualifications.

BoCo is an all volunteer, community wide committee, which purchases and distributes kits of nutritional pre-packaged food from 2nd Harvest. The kits are distributed every Thursday of the school year throughout Boundary County School District and Head Start.

BoCo operates under the fiduciary sponsorship of Trinity Lutheran church, a 501(c) 3 organization, and is funded by individual, business and organization donations, and grants when available. Donations of any amount are welcome. For more information contact: Shirley Anderson at (208) 255-9847.
